Alcohol 13.9% by Volume

1978
Cabernet Sauvignon
Special Selection

This wine is 76% Cabernet Sauvignon and 24% Merlot, both from our vineyards. It is a Special Selection wine, a designation for wines that we consider truly outstanding, and that have received special treatment in vineyard and/or winery. The Cabernet is from a special selection of Chapel Vineyard, the Merlot from Toyon Vineyard. In both vineyards, low crop loads and perfect ripening conditions produced outstanding grapes.

Both wines were aged in small French oak barrels and then carefully blended to produce this wine with the character of each.

Total acidity 0.64% by vol., pH 3.49.
